FOREWORD

The Department is pleased to present this directory of Grain Merchandisers' and Agricultural Seed Processors' which have been licensed to conduct business in Montana for the period of July 1, 1978 to June 30, 1979. The directory is designed to provide general information as to business functions performed by the licensed firms. Additions and modifications may be obtained from the Department.

It is extremely important to call your attention to some of the major responsibilities imposed either by law or rule upon the Grain Merchandiser and the Agriculture Seed Dealer/Processor.

1. Do not operate unless properly licensed and bonded as provided by the Grain Standards (3-228.2); Agricultural Seed Warehouse (3-311); and Commercial Mustard Seed Act (3-1908). Send your bond and application for license BEFORE JULY 1. (3-228.6) Violation as misdemeanor. A person who violates this act is guilty of a misdemeanor and may be fined $300 to $500. Each day of the violation is a separate offense.

2. Public Grain Warehouseman shall issue a warehouse receipt for each lot of grain received in one (1) day and not paid for and all grain received from one owner during any one day may be construed as a single lot. Rule 4-2.6(2)-S641.

3. Charge the legal rates for all services as listed in Grain Standards -- Section 3-208; Seed Processing Plants must post a basic price schedule -- Rule 4-2.6(6)-S661.

4. Buy on protein test basis unless the owner waives his right to such test by written "waiver". Section 3-232.(2)

5. Do not ship out of state, grain covered by warehouse receipt except by approval of the holder of such warehouse receipt as indicated by signed "waiver". Use only the waiver form approved by the Department of Agriculture, Section (3-225).

6. Accurate and prompt reports -- annual and special monthly reports are required to be submitted to the Department under Section 3-227 and 3-2913. Failure to conform to this requirement will jeopardize the Grain Merchandiser or the Agriculture Seedman's good standing with the Department.

7. Be sure that all storage warehouse receipt forms used comply with the regulations of, and have been approved by, the Department of Agriculture.

8. All seed processing plants must handle all screenings according to Rule 4-2.6(6)-S663.

Information in regards to the Montana Grain Standards; Agricultural Seed Warehouses; Commercial Mustard Seed; Mustard Seed Law; and the Barley and Wheat Research and Marketing Law, may be obtained by writing to the Montana Department of Agriculture, 1300 Block Cedar Street, Airport Way, Building West, Helena, 59601.
